

Bring nature into your classroom with a fun and educational program from Wild Spirit. Our programs are designed to not only educate, but to spark the interests of your students. With a hands-on approach to nature education, our Naturalists are trained to get the students involved in the lessons.

Our programs can be tailored to your needs. We are flexible in our presentations to allow for a better learning experience. From pre-k to seniors, we have programs

that will be enjoyed by any age group.

Our talented and experienced staff and volunteers are extremely knowledgeable about the natural world. We can design a program to fit your needs if you are looking for a topic that is not listed in this brochure.

New programs are always being designed and added. For a complete and up-to-date listing of programs as well as a thorough description of our programs, please visit our website at [www.wildspirit.org](http://www.wildspirit.org).

*Bringing Nature into the  
Classroom*

Programs can be tailored to fit the needs of any age group, from preschool children to seniors. Groups of less than 30 individuals make for the best programs, many of which include hands-on activities. Groups of more than 30 participants can be accommodated with an auditorium presentation. (Topic dependent) Programs usually last from 45 minutes to an hour, but are flexible.

If you can't find a topic or program that meets your needs, please give us a call. The naturalists at Wild Spirit Education are very knowledgeable in nature topics and can design a program that meets your curriculum needs.

To schedule a program or to find out more information, please call us at (716) 531-1428 or drop us an email at [info@wildspirit.org](mailto:info@wildspirit.org). More information can also be found at [www.wildspirit.org](http://www.wildspirit.org).

# WILD SPIRIT PROGRAMS

## Birds of Prey or Owl Ecology

Our naturalist will bring the world of raptors into your classroom. This program brings you face to face with these majestic birds.

## Rainforest Adventure

Explore the many aspects of our world's rainforests. You will meet many creatures that reside in this wet environment.

## The Native American Way

You will experience the world of the Iroquois through stories, games and artifacts. A large collection of Iroquois items will bring the program to life.

## Basic Survival Skills

Learn about survival priorities and build a natural shelter if the site allows. Fire building can also be included.

## Indoor or Outdoor Exploration Hike

Even if your site has a small patch of grass there is much to discover. This program can be done in a schoolyard, local park or even indoors.

## Fun With Nature

Ideal for younger children, you will explore nature through a variety of games. Indoors or out.

## Wildlife Discoveries

This hands-on program brings pelts and skulls for an excited audience to discover. A fun way to learn about local wildlife.

Powerpoint presentations on a variety of topics are also available for adult groups. A few of the topics include...

- \*Attracting Birds to Your Backyard
- \*Creating a Backyard Habitat for Wildlife
- \*Winter Wildlife
- \*Tracking
- \*Dying to Help the Environment
